# The Working Class

is only as strong as it makes itself by thorough political and economic organization.

Labor's strength lies in its organized activity, with everyone doing his share.

Every member of the Socialist Party should enlist in a continuous campaign for new members.

Let no opportunity go by to get new members.

Only through organization can we grow strong and become free.

Workers of all countries unite; you have nothing to lose but your chains; you have a world to gain.—*Marx*.

## ARTICLE X.

### State Organizations.

Sec. 1. The formation of all state or territorial organizations or the organization of state or territorial organizations which may have lapsed shall be under the direction of the Executive Committee.

Sec. 2. No state or territory may be organized unless it has at least ten locals or an aggregate membership of not less than two hundred, but this provision shall not affect the rights of states and territories organized prior to the adoption of this constitution. When the membership of any state averages less than one hundred and fifty per month for any six consecutive months the National Committee may revoke the charter of that state.

Sec. 3. (a) The platform of the Socialist Party shall be the supreme declaration of the party, and all state and municipal platforms shall conform thereto. No state or local organization shall under any circumstances fuse, combine or compromise with any other political party or organization, or refrain from making nominations, in order to favor the candidate of such other organizations, nor shall any candidate of the Socialist Party accept any nomination or indorsement from any other party or political organization.

(b) No member of the Socialist Party shall, under any circumstances, vote in any political election for any candidate other than Socialist party members nominated, endorsed or recommended as candidates by the Socialist Party, or advocate voting for them. To do so will constitute party treason and result in expulsion from the party.

Sec. 4. In states and territories in which there is one central organization affiliated with the party, the state or territorial organizations shall have the sole jurisdiction of the members residing within their respective territories, and the sole control of all matters pertaining to the propaganda, organization and financial affairs within such state or territory; provided, such propaganda is in harmony with the national platform and declared policy of the party. Their activity shall be confined to their

respective organizations, and the National Committee, its sub-committees or officers shall have no right to interfere in such matters without the consent of the respective state or territorial organizations.

Sec. 5. (a) The State Committees shall make monthly reports to the Executive Secretary concerning their membership, financial condition and general standing of the party.

(b) During the months of January and July of each year, or at any other time required by the Executive Committee or by this constitution, the state secretaries shall furnish the Executive Secretary a list of all locals affiliated with their respective state organizations, together with the number of members in good standing, and the name and address of the corresponding secretary of each local. Refusal, failure or neglect to comply with this section shall subject the state organization to suspension from the Socialist Party and deprive such state organization of participation in the affairs of the Socialist Party, and shall be a forfeiture of the right to representation in the National Executive Committee, the conventions and congresses of the party.

Sec. 6. The State Committees shall pay to the National Office every month a sum equal to five cents for each member in good standing within their respective states and territories. And only due stamps issued by the National Executive Committee shall be affixed to members' dues cards as valid receipts for the payment of dues.

Sec. 7. (a) The National Office shall also issue to the state secretaries exempt stamps, both regular and special, free of charge, to be used by party members temporarily unable to pay dues on account of unemployment caused by sickness, strikes, lock-outs or any other condition not within their control.

(b) Any member desiring to use such exempt stamps shall make application therefor to the financial secretary of his local organization, and such application shall be passed upon by such organization. Exempt stamps shall be issued only to members in good standing who have paid dues

for at least three months and who are by the same action exempt from the payment of dues to the state and local organization. The number of exempt stamps shall not exceed 10 per cent of the total number of stamps obtained by the respective state organizations. The acceptance of exempt stamps by any member shall in no way disqualify such member from any rights and privileges of party membership.

(c) The National Office shall also issue a double perforated stamp to the state secretaries at the rate of ten cents per stamp, one-half of such stamp to be affixed to membership card of husband and other half to that of wife. Husbands and wives desiring to use such stamp shall make application to the financial secretary of their local and such application shall be passed upon by such organization.

Sec. 8. All state organizations shall provide in their constitutions for the initiative, referendum and imperative mandate.

Sec. 9. No person shall be nominated or indorsed by any subdivision of the party for candidate for public office unless he is a member of the party and has been such for at least two years, except with the consent of the state organization. But this provision shall not apply to organizations which have been in existence for less than two years.

Sec. 10. When a controversy exists in a state organization, the Executive Secretary shall continue to sell due stamps to the Secretary recognized by him before such controversy is officially brought before him, until a state referendum has decided otherwise. He shall take no action except on petition of ten per cent of the locals (but not less than three locals), which must be located in different localities, appearing on the last official list filed with him by the State Secretary at east three months prior to controversy, and then only if there is doubt as to who is State Secretary. In such case he shall hold a referendum of those locals reported on the last official list to determine who is State Secretary. The individual signed ballots in such referendum shall be sent to the Executive Secretary.

## ARTICLE XI.

### **International Delegates and International Secretary.**

Sec. 1. Delegates to the International Congress and International Secretary shall be elected by referendum in the year in which the Congress is held. The call for nominations shall be made on the first day of January. To qualify as a candidate, one must receive the nomination from at least seven locals located in two or more states. Forty days shall be allowed for nominations, fifteen for acceptances and declinations and sixty for the referendum. There shall be one delegate for every twenty thousand members, ascertained by computing the average for the preceding year. The requisite number of candidates receiving the highest number of votes shall be elected. The next highest in the election shall be the alternates. The expenses of the delegates and a per diem equal to the per diem fixed for national organizers and lectures shall be paid out of the national treasury.

## ARTICLE XII.

### **Foreign-Speaking Federations.**

Sec. 1. Five branches of the Socialist Party working in any other language than English shall have the right to form a National Federation under the supervision of the Executive Secretary and the Executive Committee.

Sec. 2. Such National Language Federation shall have the right to elect an officer known as Translator-Secretary, who shall be conversant with his own language as well as the English language, and whose duty it shall be to serve as a medium of communication between his federation and the National Organization of the Socialist Party.

Sec. 3. When such National Language Federation shall have at least 1,000 members, their Translator-Secretary shall be entitled to necessary office room in the National Office, and to a salary from the national body not to exceed \$28 per week, nor to be less than \$15, the exact sum to be fixed by

the Executive Committee of the Socialist Party, Such Translator-Secretary must be at least three consecutive years a member of the party, except when his federation has not been affiliated with the party that length of time. When any Language Federation is reduced to 1000 members, the rights of that Language Federation to office room and salaries shall be suspended at the discretion of the Executive Committee.

Sec. 4. Language federations shall pay to the National Office the same sum monthly per capita as paid by the state organizations, receiving in exchange therefor due stamps. They shall also pay through the Translator-Secretary to the regular state and county or city organization 50 per cent of the dues paid by the English-speaking branches.

(b) The Translator-Secretary shall pay monthly to the respective state secretaries the quota of all monthly dues paid by the branches of his federation in the state. The State Secretary shall forward the county dues to the respective county secretaries, wherever there is an organized county.

Sec. 5. (a) Branches of Language Federations shall be an integral part of the county and state organizations, and must in all cases work in harmony with the constitution and platform of the State and County organizations of the Socialist Party.

Language branches, not affiliated with a federation of their respective language, shall work in harmony with such federation, restricting their work within the territorial jurisdiction of such branches. In no case, however, shall such branches indulge in or permit their members to carry on work against the interests of the federation. Federations shall not be permitted to organize additional branches within the territorial jurisdiction of branches not affiliated with them, except with the consent of the state organizations. The charter of any language branch not affiliated with a federation, that condones or conducts work aiming at the destruction of a federation, shall be revoked by the state organization in accordance with the

method of procedure provided by the constitution of the state organization. When the charter of such branch is revoked, such of its members who will agree to refrain from similar objectionable work in the future shall be organized in a new branch. But no member of a branch the charter of which has been revoked for the offense mentioned above, shall be denied admission to the new branch, if a statement is signed obligating himself to work in harmony with the provisions of this section.

(b) A Language Federation may, if its constitution so provides, exclude for cause any of the branches or locals affiliated with it. Such excluded locals and language branches shall lose only the rights and privileges dependent upon affiliation with the federation. They shall continue to be an integral part of the County and State organizations, until such time as the exclusion has been approved by the County and State organizations.

Members of a federation cannot be suspended or expelled from the party by the federation or by any of its sub-divisions, the power to suspend or expel members from the party being vested exclusively in the county and state organizations. The accused members shall be accorded a fair trial in the manner provided by the county and state constitutions or local by-laws.

Members of a federation can be suspended from membership in any of its sub-divisions by the sub-division to which the member belongs, for work detrimental to the welfare of the federation involved. Such suspended members, unless the suspension has been approved by the county and state organizations, shall continue to be members of the party, and the county and state organizations shall either attach them to some other local or branch, or recognize them as members-at-large.

Sec. 6. All propaganda work of the language federations shall be carried out under the supervision of their executive officers according to the by-laws of the federations. Such by-laws must be in conformity with the constitution of the Socialist Party.

Sec. 7. Each Translator-Secretary shall submit a monthly report of the due stamps sold during that period to the national and state offices. He shall make every three months, also, a report of the general standing of his federation to the National Office.

Sec. 8. The National Party shall not recognize more than one federation of the same language.

Sec. 9. Each national federation shall be entitled to elect one fraternal delegate to the National Conventions of the party; provided, that such delegate shall have a voice but no vote. He shall receive railroad fare and per diem from the party the same as regular delegates.

## ARTICLE XIII.

### Referendum.

Sec. 1. Motions or resolutions to be voted upon by the entire membership of the party except proposed amendments to the National Constitution shall be submitted by the Executive Secretary to the referendum vote of the party membership upon the request of locals representing at least five per cent of the entire membership on the basis of dues paid in the preceding year.

The term "local" as herein used shall be construed to mean a local or branch of a local, but not a body composed of delegates from branches or locals.

Sec. 2. Each motion and resolution shall be printed in the Official Bulletin and remain open ninety days from the date of first publication, and, if it has not then received the requisite number of seconds, it shall be abandoned. The vote on each referendum shall close sixty days after its submission.

Sec. 3. Referendums shall be submitted without preamble or comment. But comment not to exceed two hundred words both for and against may accompany the motion when printed.

Sec. 4. Any officer who attempts to interfere with the processes of the membership shall be expelled from office.

Sec. 5. Whenever a motion, resolution or an amendment has been regularly initiated and passed upon by the party membership, another motion that conflicts with the same shall not be considered for at least six months.

## ARTICLE XIV.

Sec. 1. The work of the Young People's Socialist League in the national field shall be under the control and direction of the Executive Committee of the Socialist Party.

Sec. 2. Branches of the Young People's Socialist League shall be under the control of the city, county or state organizations, and must in all cases work in harmony with the constitution and platform of the city, county or state organizations of the Socialist Party.

All such amendments to be submitted seriatim to a referendum vote of the party membership.

The term "local" as herein used shall be construed to mean a local or branch of a local, but not a body composed of delegates from branches or locals.

## PREAMBLE

**T**HE majority of the workers in America, whether rendering service by hand or brain, are victims of poverty, or near poverty; are insecure in their employment and ever live in fear of want.

This is the fact because they are underpaid. The wages or salaries they receive are only a small part of the wealth or value they produce and such wages or salaries are insufficient to maintain a decent standard of life.

Poverty of the masses, in a land of abundance like America, is the greatest of all modern crimes.

The wage earner is not free, because he can work only by the consent of the owners of the jobs.

The owners who do not work and the workers who do not own the industries, each naturally seek to protect and advance their own interests. Both seek to maintain the share they now get and to secure more for themselves by taking something from the other. The clash of these interests creates the class struggle.

Because of this class struggle the workers organize into labor unions, co-operative societies, and the Socialist Party. The owners organize in employers' associations, commercial bodies, and citizens' alliances. They also control and dominate the great political parties. Labor's principal weapons are strikes and boycotts. The capitalists respond with lockouts, blacklists, court injunctions, imprisonments, hangings and even mass murder. This terrible class warfare is world wide and a menace to civilization. Its abolition is the most important and vital issue confronting the human race.

The present system of production and distribution is known as the capitalist system to distinguish it from the several systems which preceded it, such as chattel slavery and the feudal system. Under capitalism there are two distinct classes, the capitalist class and the working class. The capitalist class is maintained by the taking of rents, interest and profits.

The working class, owning no industries, lives by getting wages. The worker sells the only thing that he owns, his power to labor. This power to labor lessens with his advancing years.

Controlling the government, the capitalist class makes laws in its own interest. Behind these class laws is every instrument of the government to defend and make sacred the private ownership of land and industries and special privileges by which labor is robbed.

Thus the economic question is a political question. How you live is a political question of momentous importance. The theory of a democratic government is the greatest good to the greatest number. The working class far out-numbers the capitalist class. Here is the natural advantage of the working class. By uniting solidly in a political party of its own, it can capture the government and all its powers and use them in its own interest.

The Socialist Party aims to abolish this class war with all its evils and to substitute for capitalism a new order of co-operation, wherein the workers shall own and control all the economic factors of life. It calls upon all workers to unite, to strike as they vote and to vote as they strike, all against the master class.

Only through this combination of our powers can we establish the co-operative commonwealth, herein the workers shall own their jobs and receive the full social value of their product. The necessities of life will then be produced, not for the profits of the few, but for the comfort and happiness of all who labor. Instead of privately owned industries, with masters and slaves, there will be the common ownership of the means of life, and all the opportunities and resources of the world will be equal and free to all.

This magnificent goal represents the supreme ideal of the human race. As such it is to the highest interest of every human being to join in the struggle of the working class and help fight to a finish the battle which will free all men and women and lift them to a position infinitely higher and better than can ever be possible so long as the system of capitalism endures.
